

LAY FINAL PLANS FOR ANNEXATION

Chamber of Commerce to
Confer With Kendall
Folks Tonight.

One of the most important social meetings of the Chamber of Commerce, under the new administration, is expected to occur tonight when there will come before that organization the proposal to make final arrangements for the annexation of the village of Kendall to Tulsa.

Secretary Clarence Douglas announced yesterday afternoon that plans were being made for an elaborate smoker and general social meeting in the clubrooms tonight at 8 o'clock.

"This is a matter of great importance," Colonel Douglas said in discussing the meeting. "The people of Tulsa should become aroused to the needed annexation of Kendall. It will bring into our city one of the most beautiful sites to be found in this country. The homes out there are beautiful and the college in itself is enough to cause all loyal citizens of Tulsa to seek the annexation of this village."

Want to Come In.
"The majority of the people of Kendall are anxious to come into the city and become a part of the population of the greatest growing city in the whole country. This is an opportunity for the people of Tulsa and of Kendall to come together and meet in discussion of the project."

A number of addresses will be made by the most prominent citizens of Kendall and of Tulsa as well, including city officials of both municipalities, officials of the Chamber of Commerce and others interested in the annexation of Kendall.

HEALTHERS OFFER STITCH IN TIME

Eat Plenty of Vegetables, Sleep in
Open Air and Exercise,
They Advise.

TOPEKA, Kan., June 22.—In order to spend a comfortable and healthful summer one should look first to his diet, then to bathing and then to sleep, exercise and recreation, according to a bulletin issued here today by the Kansas state board of health. The bulletin follows:

"The diet should consist largely of raw and cooked fruits, well-cooked vegetables, milk and butter, but very little of meat, eggs and heavy foods. One should eat less in summer than in winter, especially of heat-producing foods such as meats and pastries. Besides producing heat they tend to constipation and mental sluggishness. Drink much water, but not quantities of ice water. Above all avoid constipation."

"Take a bath every day during the heated season. It will do much toward keeping the body in good condition and will make for comfort as well."

"Sleep regularly eight hours. If at all practical, sleep out on a porch. Arrange to sleep in as much moving air as possible. Nothing enables one to withstand the heat of the summer with ease as plenty

of undisturbed sleep in the open air.
"Exercise some every day. Open air games in the cool of the day are good for both the mind and the body. Don't leave off walking because the weather is warm. Walk early in the morning or late in the afternoon. Walking is always essential to health."

"Recreation is another form of mental and physical rest and is necessary to mental and physical health. Vacations, outings, camping parties—anything that will give diversion, that will break the monotony and grind—will be beneficial and health-making. "Other precautions making for personal comfort during the summer are: Don't talk hot weather, don't worry or fret; avoid as much as possible direct exposure to the sun; wear lightweight clothing; go slow and do nothing in excess; don't dissipate; don't overeat or indulge in alcoholics, but think of the joys of summer and make up your mind to enjoy them freely."

MAJESTIC

Once more that clever, nervous and altogether delightful little actress, Mae Marsh, appears in a Griffith supervised play, "A Child of the Paris Streets" is the title of the vehicle selected for her peculiar talents, and in all the cities where the picture has been shown, Miss Marsh has made a deep impression by the keen understanding with which she portrays a most difficult role.

The daughter of a judge, kidnapped when an infant and reared in "A Child of the Paris Streets" as the notorious gangster of the French capital are called, and her romance with an American artist, form the theme for this most interesting story. In "A Child of the Paris Streets" Miss Marsh sets a new and amazing fashion in hair dressing, a bewildering array of matted, tangled and puffed tresses. The scenes of revelry in the Quarter Latin are characteristic of the famous district, and the frolicking art students and their models add much to the life and color of the story.

"Not My Sister"

A Powerful Sociological Drama. Produced by

THOMAS H. INCE.

—NEXT WEEK—

"The Spider and the Fly" new William Fox "vampire" play.

Michel Normand also appear in a rip-roaring Keystone comedy, and romp through two thousand feet of film with a guaranteed laugh in every foot. The new typhoon vocalization system is a success, and keeps Ma with a jolly, cool current of pure air. Lots of folk drop in on a hot day just to cool off, and it would seem that a cool spot with a good show ought to be mighty attractive when the mercury is flirting with the top of the tube.

FOUR WEEKS IN HOSPITAL

Mrs. Brown Finally Restored to
Health by Lydia E. Pinkham's
Vegetable Compound.

Cleveland, Ohio.—"For years I suffered to sometimes it seemed as though I could not stand it any longer. It was all in my lower organs. At times I could hardly walk, for if I stopped on a little stone I would almost faint. One day I did faint and my husband was sent for and the doctor came. I was taken to the hospital and stayed four weeks but when I came home I would faint just the same and had the same pains."

A friend who is a nurse said for me to try Lydia E. Pinkham's Vegetable Compound. I began taking it that very day for I was suffering a great deal. It has already done me more good than the hospital. To anyone who is suffering as I was my advice is to stop in the first drug-store and get a bottle of Lydia E. Pinkham's Vegetable Compound before you go home."—Mrs. W. C. Brown, 1109 Auburn Avenue, Cleveland, Ohio.

Why not take Mrs. Brown's advice? Write for free and helpful advice to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

HOW TO BE SLIM

If you are too fat and want to reduce your weight 15 or 20 pounds, don't starve and weaken your system, or think you must always be laughed at on account of your fat, but go to Rexall Drug Co. and get a box of Oil of Koren capsules, take one after each meal and one before retiring at night.

Weigh yourself once a week and note what a pleasant and reliable method this is for removing superfluous fat from any part of the body.

It costs little, is absolutely harmless and a week's trial should convince anyone that it is unnecessary to be burdened with even a single pound of unsightly fat.—Adv.

A Comfortable Spot on a Hot Day

TO END CATARRHAL DEAFNESS AND HEAD NOISES

If you have Catarrhal Deafness or head noises go to your drugist and get 1 ounce of Parmanol (double strength), and add to it 1-4 pint of hot water and 4 ounces of granulated sugar. Take 1 tablespoonful four times a day. This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Any one who has Catarrhal Deafness or head noises should give this prescription a trial.—Adv.

for service in the event of war. Already his mail has begun bringing requests for a place in a regiment or brigade, and the more freckled have taken to telegraphing their offers

Mexico. As for expectation of oil from the Mexican fields, it was said today that in the event of war between the United States and Mexico some means will be found to prevent the plans of von Rintelen from being realized.

The names of Frederico Stallforth of New York, a former banker in Mexico, and Andrew C. Meloy also of New York, are mentioned in connection with that of von Rintelen. Stallforth, who was said to have been associated with von Rintelen in Mexico, was called before the federal grand jury in New York to testify as to his activities. Von Rintelen, while in this country, maintained headquarters in Stallforth's office. He is understood here to have denied any connection with Mexican intrigues, but was remanded to jail over night for contempt for refusing to answer certain questions before the jury.

None of the conferees had anything to say leaving Sagamore Hill, but it was noticeable that those who had urged the colonel to take his stand with Hughes were the more cheerful. The "straight goods men" seemed in a more thoughtful frame of mind.

World Fight Under Colonel. Colonel Roosevelt kept in touch with the Mexican situation today, but he had nothing to say to the reporters on this or any other topic. His condition was much improved over yesterday—so much so that it is probable he will visit his New York office late in the week. No doctor called at Sagamore Hill today.

One development of the Mexican situation is the early rush to enlist in any command the colonel may raise

TEDDY MAY STUMP FOR JUDGE HUGHES

CONTINUED FROM PAGE ONE

Hughes is all right," this latter declaration accompanied by a pounding of the platform with his umbrella. "Mr. Hughes is all right." Whether or not Senator Lodge saw the letter which it is understood Colonel Roosevelt has drafted to the Progressive national committee is not
